

KING'S CUP AIR RACE -

138411-5

Planes again start for the Kings-----

----Cup Race round Britain. The machine nearest the camera is owned and piloted by Commander Geoffrey Redd-----

-----The planes are started off in pairs, you'll notice. There are forty two competitors but I doubt if they'll all finish. They seldom do. Two of the entrants are women-----

-----both Winifreds. Miss Winifred Spooner and Miss Winifred Brown--
--- who won the race---

----in 1930. Time is allowed between the take-offs in order to avoid
-----a crush. There goes Captain Broad piloting for Lord Wakefield

-----a two day's test with an overnight breathing-----

-----space at Edinburgh. Fifty two is Captain Feilden, in the Prince--
----of Wales' machine. He is a strongly fancied favourite in---

----this aerial Derby. Brooklands waits for the first-----

----paragraph- in and t^here it is--Captain Walter Hope ----

----flying a D.H. Fox Moth. His -----

-----average speed for twelve hundred and fifty miles was a hundred and twenty four miles and hour. A-----

-----very fine performance. No wonder he's pleased.
