MONKEY BUSINESS - Alfred was born in 1902 and
still gives a good "turn". -Miami, U.S.A.-

Picture.:- For fifteen years this monkey--
--has been rushing down--
--the slippery slope to earn a--
living. He's too--
--old to get--
--giddy now. He gets crusty sometimes and answers back,--
--but seldom refuses to do his job.

Two hundred and fifty thousand times he's done--
--that looping the loop business. Gives one a headache
to think about it. And that's not--
--his only show. The star act--
--is a 50 --
--foot dive to death. It's not a trick. It's a real
dive from--
--the top of the ladder. If he misses, well--
--the show'll be minus a monkey !
