KAYE DON DOES IT ! - The famous pilot of Miss
England III regains for Britain the world's water
speed record , on Loch Lomond.

-Scotland-

Picture.:- Miss England III has justified the faith which

--Lord Wakefield and Kaye Don have had in her. She has
now broken smashed is--

--- the better word, -- she has now smashed the world's--

--record by nine miles per hour. After a short run, further
adjustments were made--

--and Kaye Don began serious work. On his first run, he
reached the great speed of one--

--hundred and seventeen miles per hour. (The late world's
record held by America was one hundred and--

--eleven). On his second run the timekeepers announced--

--that Kaye Don had beaten the record he had set up
earlier, - by obtaining one hundred and--

--twenty miles an hour. Two miles a minute ! And
another world's record for Britain.
