H.M.S. WESTON-SUPER-MARE -

Lady Addison, wife of the Director
of Dockyards, launches latest addition
to Britain's navy.
- Devonport -

Picture:- An old-fashioned word for a new-fashioned ship --

-- His Majesty the sloop Weston-super-Mare, is the
newest acquisition to the sloop family --

-- a family which has sailed the seas for years and
years, lawfully and unlawfully. The ship's baptism, with
a bottle of British wine, please note, is performed by
Lady Addison, wife of Sir Percy Addison, Director of
H.M. Dockyards. Smash goes the bottle -- the next time
with luck -- and the Weston-super-Mare takes the --

water for the first time.

EFFECTS FOR LUNCH.

A good new ship to fly the good old flag !
