A "FITTING" OCCASION - Last section
of framework of new air giant placed
in position, at Akron, Ohio.

- U.S.A. -

Picture:- You have heard of 'face-lifting' - well, the
new airship 'Maycon' undergoes an operation of --

-- nose lifting. Fitting this 75 foot beak is --

-- the last stage in her construction. She will soon
have her naked frame covered with --

-- fabric as becomes a perfect lady. Experts meticulously --

-- examine her stays and girders. Note that her curves and
bulges are --

-- correct and come in the right places. A --

-- trying job, but seamping the work would mean disaster later --

-- on, so they're careful. Good Luck, Maycon !
