PRINCE IN THE WEST - Brixham gives the
Prince of Wales a hearty welcome when he
arrives to name the new Torbay life-boat
"George Shee".

- Devon -

Picture:- There are about 20,000 people in Brixham, and
about 19,999 are crowded out here to --

-- see the ceremony of baptizing Brixham's new lifeboat.
The occasion is one of double rejoicing for --

-- the Prince of Wales has flown over to give the boat her --

-- name. His Guard of Honour is formed of Devon lifeboat
men, --

-- whose stations have saved over 20,000 lives, said --

-- the Prince. The new lifeboat GEORGE SHEE, named --

-- after Sir George Shee, Secretary of the Institution is
the modern motor-driven type. Pity --

-- the rain has started just as the Prince --

-- has gone aboard. He is taking a trial run and the --

-- cheering of thousands rises from beneath their umbrellas.
It takes more than rain to damp Devon patriotism !
