

"THREE OF A KIND" - Chicago woman
presents her husband with a good
handful - three "queens" !
- U.S.A.-

Picture:- In these days of efficiency and time saving --

-- How does this strike you. Seems --

-- to explain the notice in the --

-- dairy shop window - families --

-- supplied direct from our own --

-- farms. Hardly polite to peep at young ladies in --

-- the tub but as they don't mind - Well ! They --

-- are four months old and their --

-- Mother is very proud of them. Nothing like a --

-- nice meal after a warm bath. That one is 12 minutes
older than - er - well, one of --

-- the others. They weigh 10 lbs each, 30 lbs the lot
when packed into their --

-- specially built made-to-measure limousine. And aren't
the neighbours with their single seaters envious.

Imagine Daddy's feelings when told he was
father of a girl -- then two girls -- and then three
girls ! What a hand to --

-- be dealt, three queens and a pair make a full house !
