"TERRIERS" ON PARADE - The 6th North
Staffords concentrate at Burton prior
to six-days route march.
- Staffordshire -

Picture:- Burton-on-Trent is busy - and its nothing to do
with breweries. The 6th North Staffords cross --

-- Trent Bridge to concentrate --

-- for a six days route march. They do this as a holiday --

-- past-time. Yes, you old sweats who are listening, and
a very --

-- healthy holiday too. The M.O. conducts arm inspection.

Then the C.O. gives some advice about soldiering.

Of, course, it has to gain when the big show starts,
and the Battalion marches past the Lady Mayor of --

-- Burton - not the Mayoress this time. Nearly 500 --

-- voluntary officers and men take part --

-- in this six-day march ! Just a nice walk !
