NEWPORT CARNIVAL - Monster parade
in aid of Royal Gwent Hospital exceeds
all previous efforts.
- Monmouthshire -

Picture:- Newport claims to present the finest carnival
in the country. Soldiers from the Newport Barracks, attired
in Peninsula uniforms, lead the procession through streets
lined --

-- with dense crowds. An outstanding tableau car is that --

-- depicting the Queen of Sheba on a gorgeous throne with
six handmaidens in attendance on the Babylonian beauty.

In fact, the entire effort is marked by a high
standard --

-- of artistic achievement. There's an excellent landscape
effect. Four thousand people of Newport --

-- have given their time and labour to the Carnival in order
to assist and --

-- forward the good work of the Royal Gwent Hospital.
