"GOING UP IN SMOKE"- Spectacular fire-
pictures delight big crowds at the
Crystal Palace.

- Sydenham -

Picture:- Despite the damping effect of prevailing --

-- depression, the Crystal Palace Fireworks still burn.
A "Smash and Grab Raid" is one of the novelties. The
"Bad Burglar" is soon bagged by the asbestos Bobby and finds
himself in a hot corner. Seventy years ago, a twelve foot
set piece --

-- caused a sensation. This flaming sun-flower, in full
bloom, is fifty feet across. Here --

-- is one, six hundred feet long. The "Bombardment of
Shanghai", complete with forts, cruisers and aeroplanes.
Half --

-- a million wood battons support that marvel of --

-- mechanical pyrotechny. A cascade of fire which continually
changes colour gains applause by its --

-- sheer beauty. There's Dirt Track racing before --

-- dark comes and the fireworks fizz but she'll like this best.
Its a real hot thrill !
