Picture.:- Mr. Jabez Woolfe thinks that Miss Sonny Lowry will beat the Channel swimming record this year. Miss Lowry is the thinner of the two - er - on the left !

Her training exercises added three stones to her weight. She is--

--now about 13½ stones. There are two hefty reasons why she should--

--succeed, and Mr. Woolfe reveals two other strong reasons. Thank you ! Joke over !

The lady is only twenty-one years of age, and has already won 150 prizes !

At 14 years she saved the lives of two women bathers. She is very fast - - in the water ! And Woolfe feels confident that--

--she will make a big splash for the Channel record !  
She will !
