

GRASMERE SPORTS - - Sturdy northerners meet to
compete in the most difficult sports in the world.

-Westmerland-

Picture.:- Peaceful Grasmere, lazing beside her smiling
lake, comes to--

--life. The sports of her stalwart dalesmen are part--

--of the heart and tradition of Lakeland. Successful
dalesmen--

--athletes are more famed in the district, than--

--any screen stars. Cumberland wrestling by fearless
giants is a sight to be remembered !

The fell Guides event is one of the most strenuous
in British sport. A race up and down a 1500 foot--

--hillside ! Intrepid Lakeland giants scale the sharp
uneven gradients at amazing speed.

Up and over the difficult summit --

--of loose stones climb these--

X --dalesmen and down again to the--

--finish ! The winner's name, curiously enough, is
Gilpin ! From to-day a name of local renown !
