JOCKEYS AT SOCCER -- "Turf stars" of the south beat the northern jockeys in spirited match in aid of York hospital.

-Yorkshire-

Picture:- The boys in the hooped jerseys come from the South, -- all determined to show the plain-shirted Northerners how "soccer" should be played. The lads of--

--the North are not so sure they--

--are in need of a lesson in football -- at least from Sam Wragg and his crew. The game is pretty fast; these fellows have learned how to--

--"get a move on" in a hard school. It is not a question of "win or a place" now,--

--it's win or lose, ----- GOAL ! ----- Another winner for Wragg ! Good fellow !

Half time comes as a welcome respite. By the way, that's Gordon Richards on--

--the right. He's ridden a hundred-odd winners this season !

In the second half the Northerners attack with zest, giving the crowd--

--their money's worth.(The "gate" goes to the local hospital).

A splendid game ends in a win for the Southerners, three goals to two !
