

MODERN SPINNING WHEELS - - Brighton stages a
competition for those who have "fallen" for the
latest craze. - Sussex-

Picture:- Brighton has gone all yo-yo ! Every-
body's doing it - - - and when--

--it can be done for prizes, the spinners are there--

--in force! Watch these two youngsters !

..... Wait till you grow up, boys !

It's perfectly marvellous the way some--

--of them have become "reel" experts ! I don't
know what they call this, but it looks easier--

--than it is ! Even prisoners in goals--

--are asking for yo-yo's ! They won't hang so
heavily on their hands--

--as time !..... Here's Billy Panamar, Brighton's best
boy at "bobbing the bobbin". Give him a hand !

(APPLAUSE OVER THIS SHOT).

Up-and-down, creeping, walking-the-dog, looping
over-the-falls - - until you can do all these and more,
you're just no-one to-day !

We used to "tie a string around a finger" as a
reminder to do something,--

--but now it means forget everything but the "thing in
hand" !
