

WORKING AGAINST TIME - - Firemen demonstrate  
speed and agility in brigade display at Staines.

-Middlesex-

---

Picture:- Seconds are valuable when it comes to fire-fighting. .... Hence this display !

(BELL EFFECT OVER THIS SHOT).

First comes the dry drill ! ..... The crew first to get the hose all laid out, without a kink, and ready for action, wins. ....

Dry-drill is dry work, as you can see ! ..... Uxbridge earns "a wet" by completing the job in twenty-five seconds !..... Good work !

Young Dennis Foster, the Chertsey mascot, thinks his side should have done better,--

--like this. ----- Ho, boy !

(APPLAUSE EFFECT OVER THIS SHOT).

Come on, young 'un ! ..... (He'll be a fireman, one day for a certainty !)

(WHISTLE EFFECT OVER THIS SHOT).

Now the 'wets' have it ! .....(Wouldn't America like to say that - - - - if it wasn't water !)

Go to it boys, and may the best crew win !

They've got to hit these targets - - - - (water effect here). Well aimed !

(APPLAUSE AND WATER RUSH TO END).
