"JIMMIE" WALKER RESIGNS - - Following upon
allegations of "graft", the debonair mayor of
New York hands in his resignation.-U.S.A.-

Picture.:- For weeks the State House on the hill has been
the--

--scene of a fierce legal battle. The Governor of
New York State has been--

--investigating charges of "graft" against one of the most
popular figures New York has--

--known. Carload after carload of--

--documents were examined during the course of the
investigation. Out--

--the defensive was the suave, smiling, Jimmie Walker.

He doesn't seem very worried. However, he
objected to all the mud-slinging - - and now he has
resigned. So the popular Mayor, whose utter
disregard for punctuality--

--earned him the unofficial title of the "late Mayor",
now becomes--

--the late Mayor in very fact !
