FOR THOSE IN PERIL ON THE ROAD ! Mr. & Mrs. J.A.

Mollison witness "Safety First" display at White City,
Hull. -Yorkshire-

Picture.:- At Hull's Motor Gymkhana, Mr. & Mrs. Mollison,
looking all bright and brand new after a quiet honeymoon--

--are received by the Lord Mayor and Lady Mayoress.

Harry Hall, the smasher, does a few stunts to justify--

--his nickname. That was a sheet of plate--

--glass. Skilful car drivers show what careful driving
really--

--means. Bummies are thrown under their wheels without
the slightest warning. By absolute--

--control of steering and--

--judicious use of brakes, each is left untouched.

All the same, when crossing the road, be ready
to dodge ! All drivers can't do this !
