

"NOAH'S ARK SPECIAL" - - Entire stock of a Cheshire
farm goes by train to new home near Stratford-on-Avon.

-Whaley Bridge-

Picture.:- All sorts of farm live stock used to roam--
--round this house, but to-day folk--
--and animals bid good-bye to all that ! The whole--
--stock and implements are to be loaded on this train. A
19--
--32 Noah's Ark. The cows don't like it at all ! Come
back you - - er - - cow !

The whole boiling is going to a new--
--home near Stratford. Farmer Warren is ambitious and is--
--still trying to prove that farming will pay. Mary's--
--little woolly lamb decides to go quietly after being--
--caught teaching a 6-weeks-old calf to gambol.

The calf is peevish, and makes them carry him too.
Like the great baby he is !

This upheaval is caused by Stockport acquiring--
--the land for part of a big reservoir scheme.

Friends wish Farmer Warren all the best, and then--

TRAIN NOISE EFFECTS.

Here's to good cattle, and crops !!
