PILGRIMAGE OF HOPE -- Sightless people from
Glasgow and Newcastle pay a visit to the famous
Carfin Grotto.-Scotland-

Picture:- Many thousands of devout Catholics have been
to see--

--the now famous Scottish Lourdes - - Carfin Grotto.
To-day it--

--is visited by those whose eyes can never behold--

--the beauties of this holy shrine, for they are
blind. Father Tayler who founded the--

--grotto 10 years ago, leads the sightless worshippers
and describes--

--each feature, as it is passed. They may not see
external beauty but the--

--beauty of sacrifice, sympathy and understanding
may be perceived--

-- without the aid of eyes. Those who walk
in darkness are not without their visions of
light,
