CITY MEN'S HUNT - - First meet of the Pinner Drag
Hunt which has been formed to provide sport for London
business men.

-Middlesex-

Picture. :- In future City men will not have to go
far from town--

--to wake up their sluggish livers ! Mr. J.W.Dulanty,
Irish--

--Free State commissioner, is one of many who are taking
advantage of the revival of the Pinner Drag--

--Hunt. Mr.Dulanty's son is the new Hunt secretary.

The farmers are co-operating generously and
one Drag line will give--

--over 17 miles hunt. It's a long time since hunting
has been indulged in only 7 miles from London Town.
As you--

--probably know, there's no fox. The scent is laid by
dragging a bag of--

--some pungent substance over the land. This is a
sport everyone can enjoy without feeling cruel about
it !
