the honours in the 51-miles Manchester-to-Blackpool
relay run.

-Lancashire-

Picture:- At Manchester, W. Eaton, of Salford Harriers,
receives a letter from the--

--Lord Mayor, which is going to be taken--

--by foot post to Blackpool. The course of the Manchester--

--to Blackpool relay race is 51 $\frac{1}{2}$ --

--miles. And the rain ! If it hadn't been for--

--getting disqualified, they might have swum it ! A
worse day could not have been--

--imagined. And under these conditions, the performances
were all the more creditable. Their Blackpool--

--reception was warm, but very wet ! E. Bailey--

--made a magnificent finish--

--for Salford Harriers, and made certain--

--his Club's second big relay race victory this season.
