GOOD-BYE! DORA ! Harrow makes light of a
terrible deed ! - - the destruction of DORA, atop
of Britain's biggest bonfire.

-Middlesex-

Picture.:- Harrow is going to make it real hot for DORA !
For years the old--

--lady has stopped cigarette and chocolate purchases after--

--eight, dried up our drink after--

--ten o'clock, and all but put us to--

--bed before eleven. Now the breaking point for--

--Harrow has come, and the constitutional successor
to Mrs. Grundy burns at the--

--stake. It's a popular decision, for twenty-thousand
people--

--attend the frizzling. If it were the real thing, and
not just "guyed", I suppose twenty million--

--people would rejoice. She's been a thorough nuisance.
But, let's be fair ! On this occasion, she's doing
good. The funds collected at this--

--little skirt warming of Dora's will go to help the
hospitals of Harrow ! Pure gold from the furnace !
