WHAT A NECK - - Len Johnson of the Oxford Physical
Club withstands the efforts of thirty men to choke him !

-Oxfordshire-

Picture.:- This looks like suicide ! For most of us, it
would be ! But for Len--

--Johnson, it's just part of the joy of life.

Two men only give the effect of a tight collar, so
the Army is called out. Thirty--

--soldiers from Cowley Barracks do their best to--

--let Johnson die by strangulation if he wants to. This--

--is just a little practice for his attempt on--

--the world's strangle-hold record. He steadfastly--

--refuses to be 'choked off' by a--

--squad of light Infantry men. This is the--

--sort of count heavy-weights --

--want. What a neck ! - - For a 'rough house', what
a friend !
