animals for Glasgow Carnival is a big task - - but  
greatest of all are the elephants!

but Berlin !

One hundred and fifty animals are spending their  
Christmas at the Glasgow Christmas Carnival Zoo, and--

--no Zoo can be complete without Jumbo. As she is  
nine feet high and rather broad in the beam, she was  
allowed a--

--special compartment. Her offspring is a little easier  
to accommodate, but not much !    Hundreds of Scots--

--people gather about the Docks where they can see the  
animals without charge. Three baboons died on the--

--voyage over, but the elephants weren't even sea-sick.  
Well, trumpeting for the ship's steward wouldn't help  
their case much.
