NIGHT LIGHTS OF PRAGUE - - Capital city  
celebrates the 14th anniversary of national  
independence with display of brilliance.

-Czecho-Slovakia-

---

Picture.:- The romantic city of Prague--  
--is 'en fete'. All the public buildings--  
--of this heart of Bohemia are illuminated to--  
--celebrate the 14th anniversary of Czecho-Slovakia's  
independence.

In the cathedral, special services are held all--  
--through the day and evening. The Czechs and--  
--Slovenes were never very--  
--happy under the rule of the Hapsburg--  
--House of Austria-Hungary, and--  
--they prize their independence very highly.

So in gay Bohemia, to-night's the night !
