SOMETHING NEWS(Number Seven). Further bright ideas put into practical form - - of particular interest at "present" time.

---

Picture.:- The inventors are spoiling everything ! Even the simple joys of camping are not sacred to them. This picnic canteen does away with the charming--

--chances of finding spiders in one's tea, or a caterpillar on a cake. It makes camping comfortable. It's all wrong !

And look at this ! The red-checked dairy maid of the Creamery is old fashioned !

She is superseded by a nickle-plated affair. One just mixes some butter and milk together, heats it, cools it, pours the mixture into the automatic cream--

--maker,, pumps, and the cream is made. Now, can cream--

--made like this taste like the genuine Devonshire article. This--

--girl says yes, but she's selling them.
