

WITH BEST WISHES - Lord Mayor of London
accepts Christmas gifts from the Common-
wealth of Australia to the Motherland,
at Australia House.

- London -

Picture: Someone says that the blue mountains of Australia
are --

--bluer than ever since the last test match, but that's not
true. This --

-- event reflects the real feeling and sportsmanship of that
continent. London's Lord Mayor visits Australia --

-- House to accept a half-ten Christmas Cake, made solely with --

-- ingredients from the Commonwealth. Its top decoration
shows the Sydney Cricket --

-- Ground, complete with the rival teams in various attitudes --

-- of suspended animation and there's the famous score board.

The Lord Mayor receives the Cake from Mr. Collins
who --

-- is deputising for Mr. Bruce, the Australian Minister.

Another Christmas present is an Australian lamb
handed over --

-- by the 'Jervis Bay's' Captain from the Lord May of Melbourne.
All these gifts will eventually go to needy people. The --

-- 'Jervis Bay' brought some 30,000 boxes of produce as presents
from Australians to their --

-- friends or relatives in this country.

Many distinguished visitors inspect the exhibition
of Commonwealth products, which is --

-- part of the special Christmas show.

The Lord Mayor watches girl packers --
forging links of Empire with parcels of eggs, cheese --
-- butter --- incidentally His Lordship collects a free
pound of --

-- butter. And very nice too ! Here's to the next Test !
