CHRISTMAS CHEER - - Big consignments of  
holly and mistletoe arriving at Nine Elms to  
add to the gaiety of the festive season.

-London-

---

Picture. :- This is going to be a great Christmas !  
If holly and mistletoe--

--have anuthing do do with it. Truck loads of it--

--are arriving at the London Goods Stations to supply--

--the regular demand. These lots are being auctioned  
off to the--

--various buyers. There's one wants it without  
paying up, but the terms are cash !

Holly is like women ! Wants careful handling !  
If plentiful holly--

--is a sign of a hard winter, as the old saw  
says, then it's going to be--

--cold. And, girls, all this is mistletoe !  
I say ! You may go to--

--crowded parties but you won't be squeezed  
for room !

This looks like combining business with  
pleasure. Well, there you are, girls, what offers ?
