

HOTEL BLAZE - - Guests flee while flames destroy
big hotel in Panama City.

-Florida-

Picture. :- Breakfast in this hotel at Panama City
was severely--

--disorganized by cries of 'fire !'. Sixty guests
were--

--actually seated when the outbreak was--

--discovered, and then things started moving.

The guests moved out; the porters moved furniture--
--and chattles, and the fire brigade moved in, or as--
--close as they could get !

EFFECTS OVER THIS AND NEXT SHOT.

The safe is safe anyway, but--

--the breakfast bell of the hotel itself has rung--
--for the last time.

EFFECTS UNTIL WALL FALLS.(4 SHOTS).

And that's about the finish ! The tragedy is that--
--the place wasn't insured. About an--
--hour ago it was a thirty-thousand pound--
--property, but it's too late to worry about that!
