GRAND "CHUCK-UP" - - Five thousand
pigeons liberated in expressively named homing
trials at Jackson Heights.

-U.S.A.-

Picture.:- Just a few birds ! A few thousand birds !
About five thousand to be correct ! It's the old game
of blind-folding them in baskets, taking them a long,
long way from home, letting them loose, and saying "Now
find out where--

--you live ?" And they all--

--do. It's a big sky party at first, but as they have
never been introduced--

--to each other they soon sort themselves out and--

--head for home. Some of them--

--get led astray and arrive back with--

--a friend. But what does that matter ? They're all
pigeons together !
