MANY A SLIP - - - - Florida's winter-sunshine
season opens with amusing and thrilling "greasy-pole"
contest.

-U.S.A.-

Picture.:- Another new sport ! Brilliant American brains
have devised the fresh--

--thrill of flag-pole skidding. Some people may think it's
very like--

--the old greasy-pole walk--

--of our Riverside regattas. No ! It's a flag-pole !
Something quite different ! The--

--trick is to get to the end and collar--

--the little flag before--

--you capsize. The rules don 't say what you--

--do with the flag when you -

--have got it. This is the big--

--thrill ! From one hundred--

--and fifteen feet he dives !

(EFFECTS).

That's what the weather experts call a wet fall !
