MAKING A SPLASH ! Three lighters launched
by the broadside method within half-an-hour, at
Thorne, near Doncaster.

-Yorkshire-

Picture.:- It's a new year, but this shipyard isn't
going--

--to waste any of it.

Three lighters are to be launched in half-an-
hour. Mrs.--

--F.G.Weller christens this--

--one Number Thirtynine, and splash that one goes !

(EFFECTS REST OF SHOT).

The next is No. Thirty-seven. The blocks
are--

--removed, and Mr.J.Acoster, J.P.--

--pushes that one off in a hurry ! A sprint brings
us to the next ship--

--Number Thirty-eight which Master Philippe de
Genestet--

--launches.

(EFFECTS).

A hop, skip, and a splash and that one
is afloat. Real Yorkshire hustle ! It's
getting late - - just time for a snack of Roast
Beef and Yorkshire !
