

CIRCUS THRILLS) - - Talented artistes of
the "sawdust ring" provide breathless moments at
Belle Vue, Manchester.

-Lancashire-

Picture:- Manchester takes its fun and thrills like
the fine city that it is.

Hola ! Who wants better than that ?

She breaks paper hoops as easily--

--as hearts with that kind face of hers. Altogether a
charming--

--act. Two horses equal one husband and support a
whole family. And leave no room to quarrel. Oh !
It's a joyous institution, a circus !

Imitation of perpetual motion ! More
revolutions a minute than South America has in
a year.

All the small boys--

--will be trying these tricks on the bed rail
when they get home. Revues may come,--

--and revues may go, but circuses go on for ever.
