

NEW STARTING GATE - Novel contrivance
introduced for first time at opening
meeting of winter racing at Agua Caliente.
- Mexico -

Picture:- The opening meeting of Agua Caliente's racing
season gives the new --

-- Mexican Starting Gate its public try-out. Looks like a
bridge out for a walk! The inventor's claim --

-- is that a perfect start is always assured. It --

-- is now being placed --

-- in position for the start of --

-- the second race. It --

-- gives each horse a --

-- separate stall and prevents fouling. They go!
Twelve runners compete for the most sort-after victory of
the Meeting. Right from the start the pace is tremendous!

They'd better move on that gate and get the course clear
or there'll --

-- be an accident. Ten thousand people are on their toes
watching the --

-- horse that's carrying --

-- their money. Quickaway has the lead but a horse called
Flagtime is coming up with a real challenge.

(EFFECTS)

A neck and neck tussle! Quickaway draws ahead and wins!
What a race!
