

DEEDS OF DERRING-DO - - Dare-devils stage thrilling  
stunts - - for various reasons - - but they make  
exciting entertainment.

-Here and There-

---

Picture.:- This reckless pilot will try anything once !  
(CRASH). The plane was fifteen years old. The pilot  
called it a 'flying coffin' and was--

--expecting it to let him down, so he crashed it  
deliberately as a stunt to raise money for--

--the unemployed, and he comes out without a scratch !  
What a nerve !

Here's another reckless 'Rube' ! When he was young--

--he cried to be--

--a squirrel, and this is the nearest he can get to--

--it. His wife watches him, so she will be--

--the first to know that she's a widow. Slowing down from  
sixty--

--miles an hour ! It's as risky to stop--

--as to go ! Well, he's in a cage !

The demon bike rider plays a different--

--sort of noughts and crosses.

(CRASH)

If he hadn't hit those noughts right, a cross--  
--would mark the spot with lilies.
