ISLAND LAUNCH - - Unusual spectacle of
introduction of anew vessel to water, thirty
miles from the sea !

-Selby, Yorks-

Picture. :- This might be called a dry-land launch !
For there's no sea for--

--thirty miles. A super man, however, is content with the--

--River Ooze for his first swim. He is christened--

--by wine and a woman, so his--

--young life starts well !

NOISE FOR LAUNCH.

A most successful broadside launch of one hundred--

--and twenty foot of ship. A super job by the super man !
