HAIL HITLER ! - - Germany acclaims Herr  
Adolf Hitler on appointment as Chancellor of the  
Republic.

---

Picture.:- The next few months will show whether a new  
giant has arisen in the--

--unsettled world of European politics. Thirteen years  
ago, Herr--

--Adolf Hitler, an unemployed ex-service Corporal--

--formed his political party with five other men--

--like himself. To-day he commands nearly fourteen  
million votes.

His oratory has roused the--

--people to revolt against existing national conditions.  
Whether--

--or not, he can cure these constitutional ills will  
soon be seen.
