Picture.:- Excellent ski-jumping delights twenty-thousand  
people at Cary, Illinois. There's a lift :

It's the--

--annual Norge Club meeting, - - male versus female,--

--the men taking off first. There--

--is only one woman competing. A great jump, and a lovely--

--skid ! Another mere male tries,--

--flies and glides to rest in a prone position.  
Everybody is doing--

--it ! Another--

--up and down ! Not so good, but--

--they keep on trying ! There doesn't seem to be an  
upright man--

--amongst them ! And after all these spills, it took a--

--girl to show them how to do it. A perfect leap, - - and  
a perfect landing ! Miss Johanne Kolstad proves that a  
woman is--

--usually a jump ahead of a man !
