HORSE-RACING ON THE ICE - - All the thrills
of 'trotting' events and 'flat' racing on the
frozen lake at St.Moritz.

-Switzerland-

Picture.:- There are not many kinds of sports left
untried for the entertainment of visitors to Saint
Moritz. This trotting--

--race is not the least popular number of the program.
Another is the--

--race for the Grand Prix. A dozen starters--

--pad off over the ice under the bright winter sunshine,
while beneath them, the waters of the lake,--

--are fathoms deep. For this Race, the horses are
shodded specially with spiked shoes.

It was at this spot--

--that the famous airman Commander Geoffrey Rod
crashed with his plane and lost his life.
