BRAVO JIM ! James Mollison has created three new world aviation records by his splendid East to West 'hop' across the South Atlantic.

---

Picture.:- Are Jim and Amy proud ? Well,--

--pride is no sin when such great achievements are in question. Let there be no--

--half-hearted recognition of Mollison's last solo flight--

--in the "Heart's Content". In one magnificent effort--

--he created three new world--

--records. But has he not created four ? Is there any--

--record of a husband and wife both engaging--

--in hazardous work, and jointing achieving --

--so much ? Bravo, Jim, and wife !
