IN JAPAN TO-DAY - - Whole town turns out to  
acclaim General Jiro Tamon as hero of conflict in  
Manchuria.

Picture.:- Many people are asking what is going to  
happen in the--

--Far East. Japan's outlook may perhaps be gaged  
by these pictures of the return to Nippon of General--

--Jiro Tamon. The whole town of--

--Sendai - - men, women and children - - has turned  
out to acclaim him as hero--

--of the Manchurian operations. Business has been  
suspended, and--

--the General's re-entry into Japan is just a--

--triumphal progress. The crowds are crazy with--

--excitement. Now it looks as if these troops may  
again--

--be embarked for China. Mr. Matsuoko,--

--head of the Japanese delegation at Geneva is far--

--from happy, and rumours of Japan's possible withdrawal--

--from the League have already been heard. Let--

--us hope that they are premature, and that the--

--complex difficulties of the Eastern situation will be  
peaceably solved.
