"CRACKS" ON THE TRACK - - Many competitors
'bite the dust' in thrilling race on the Moto
Speedway at Long Beach.

-Californian-

Picture.:- Californian champion dirt-track riders push
off on another trial of speed, holding their lives in
their saddles.

With only a fifth of a --
--mile to a lap, cornering is a risky business. It's--
--easy to see why this is called--
--a 'dirt' track. There's the first fall !

This bunch has mixed it ! . Two down, and danger
for those flying behind them.

Another kind of 'death or glory' boys !
It's more like suicide--

--than racing. This one's--
--heading for - - - he's got it ! - - What a toss !

Is there anybody left in the--
--race ? The busiest people at--
--this show must be the--
--ambulance Corps. Here's the finish for those still--
--off stretchers ! Brave lads, aren't they, ? Are they ?
