DRAMA OF THE SEA - - Steamer "Edna"
wrecked off Mull of Galloway after fierce
battle against terrific storm.

-Scotland-

Picture:- The rescue from this ship of a woman,
her baby, and--

--a crew of twenty-three provided a dramatic
incident of the recent storm.

The furious gale drove the 'Edna' on
the rocky coast near the--

--Mull of Galloway. Getting ashore is easy--

--now the heavy seas have subsided, but the
towering cliffs above the--

--ship offer^{ed}/little hope during the blizzard.
Almost the whole cargo of one hundred-and-fifty--

--bullocks and pigs was lost. The alarm was
raised by a Highland Shepherd searching for
snowed-up sheep.
