BOLD BUCCANEERS ! Whole town of Tampa
surrenders to corsair ship and its crew of
"bloodthirsty" pirates !

-Florida-

Picture :- Keeping alive the memory of--

- one of the most blood-thirsty pirates who ever--
- slit a throat, or scuttled an honest ship. It makes a good--
- excuse for one of those expensive jollifications for which America--
- is famous. Big business men charter an old sailing ship and act--
- the part of the real honest--
- to-goodness pirates, who operated before Wall Street--
- was thought of. It's an--
- annual affair, and one of the biggest frolics--
- of the Florida season. To-night's the night, and 'once aboard the lugger.' Verb.sap !
