CRACK SHOTS - - Famous sportsmen meet at
Bisley for first clay pigeon shoot of the
season.

-Surrey-

Picture:- It's not very clever to shoot at clay
pigeons,--

--but it's jolly difficult to hit them !

The targets are released---

--by a sort of catapult, and the crack shots line
up to secure a bag of clay--

--birds. (SMASH) A great shot !

Before this is over, three thousand dummy
pigeons--

--will take the air and--

--get (SMASH) that--

--from the famous firing party, captained by Mr. Lucas.

Watch this ! (SMASH ! SMASH). Will--

--you have a cigar, or nuts ? During the test, each
competitor fires--

--about one hundred--

--and fifty rounds, and often hits something.

But the whole killing wouldn't make a pigeon-pie !
