BEAUTY ON PARADE - - Big crowd thrilled by
great contest to decide who shall be Beauty Queen
of Florida for present season.

-U.S.A.-

Picture.:- The old gag about tired American business
men going to Florida for health reasons is now
exploded. Anyway,--

--it's not the only reason. I won't say Florida wouldn't
change a man's outlook !

If he wasn't careful, he might lose all his change,
and who would blame him, except perhaps his wife ?

This event is called "Bathing Beauty Parade", or
"Why men leave home ?" These girls come from all over
the country to--

--see if they can be chosen beauty queen, or something.
It all looks a--

--beautiful cure for depressed males whose business
has made them forget the joys of life. Here are two
hundred very fair reasons why they should--

--remember them again. From amongst these two-hundred
entrants,--

--one has to be selected as Miss Florida of 1933, and
here--

--she is, in the centre of the pick of the bunch.
Yes, for scenery, Florida takes some beating.
