

THE OXFORD AND CAMBRIDGE BOAT RACE - - One of the most
popular sporting events of the year.

Picture:- All the fun of the fair ! at the Boat Race !
Thousands of people jam each other uncomfortably on the
river banks. One of these--

--years Oxford is expected to win again, and bookies are
living on the idea.

And there they go ! Rowing at a speed they will
never keep up ! Cambridge, having won the toss, chose
the Surrey side, so they are nearest the camera, and
a few feet further away from the winning post than Oxford,
which means they are leading slightly, but only slightly.
Dropping into normal pace now ! Oxford has won twice in
twenty years, and miracles do happen, but I'm not giving
any odds on it.

At Beverley Brook, Oxford is still leading by a
few inches.

Cambridge is overhauling at thirty-strokes to the
minute against Oxford's 28.

(EFFECTS - 15 feet)

At Hammermith Bridge Cambridge is a quarter
of a length ahead. Rumour says that as a stimulant
both crews took brown sugar. Well, I have never heard
it called that before. In 1925, Cambridge won by two
miles. The Oxford boat had sunk through rough water and
still rougher luck. It's not as bad as that this year,
but Cambridge is still leading.

Barnes Bridge ! And getting nearer home !
Not much between them yet ! Both crews are all a-
rowing and a-blowing. Speed of stroke thirty for
each boat, and Cambridge still leading.

The Dark Blue supporters are going bluer
than ever. Looks as if that ten years--

--sentence is not going to be remitted. Nearing the
finish. Duke's Meadow ! Oxford fans are getting
anxious. That's kiddie's going to see the finish, or
be finished.

The last stretch ! I hope to repeat it again,
but Cambridge is still leading. Two lengths ahead
now !

(EFFECTS).

Cambridge has won ! And the Light Blue
supporters just knew it all the time. Well
to-night is Boat Race night, so let's forget
it till next year, and then better luck, Oxford !
