Point steeplechases.

-Near Reading-

Picture.:- After the Grand National - - sometime after - -
comes the Ladies' Nomination Race,--

--at the South Berks Point-to-Point meeting. Women can
provide pretty good thrills--

--and this is where they live up to their reputation.
(PAUSE) They're just lining up for their seventeen--

--jumps. (CHATTER). They're off ! A nice start !

Successfully over that one ! Some clean jumping - -
no ! -- "SEASHOT" throws his rider ! Hope she's not
hurt !

Whether they like it or not, I'll tell you that
these jockeys of the weaker sex (sex you !) must weigh
in at over eleven stones.

(CHATTER).

They've got to keep doing this for 3½ miles, and
it's a difficult course.

But these are not the only places where a girl
can ride for a fall.

And there's one down ! She was leading, too.
Ah well ! A woman always pays &

A lone finish by Miss B.W.Barrett on "INDIAN MUTINY".

While the riders farther back are receiving first-aid,

--Miss Barrett receives a handsome silver cup presented--

--by Mr.Oliver Dickson. The price of win.
