BELLES OF SCOTLAND - - Final selection of
Beauty Queen of all Scotland is no mean task for
the judges.

-Portobello-

Picture. :-

A choice team of Scottish finalists ! Not football
this time ! It's a beauty ball to find Scotland's
Beauty Queen.

Ardent Scottish nationalists want home rule.
When bonnie lassies like these gathered--

--here share their bed and board, they will find they've
got it. What a job for the judges. The result will tell
us--

--if gentlemen do "prefer blondes". The third from the
right is rather - - and the second--

--from the left too - - then there's the girl in the
centre. - - She's very - - although, I don't know - -

The judges select Miss Jean Murray of Girvan
making her Scotland's--

--Beauty Queen. Are the runners up the Blue Belles
of Scotland? They are--

--not ! Just more bright jewels in Scotia's
crown of beauty, and who can say fairer than that !
