RIDE HIM, COWBOY ! Broncos fresh - - very
fresh - - from Canadian ranges give cowboy stars a
rough time at rodeo.

-Isaanah.U.S.A.-

Picture.:-

Real 'Wild West' rodeo ! The bronco busters - - er - -
fall off--

--anything. This one can stick like glue, but not his hat !
It doesn't matter about losing your hat, so long as you don't
lose your head.

I don't know what their politics are, but there seems
to be no such--

--thing as a safe seat in this constituency. The pastime
is a certain cure for a sluggish liver and--

--for everything else, if you're not pretty careful ! There's
another come unstuck !

Another hat lost - - and - - another reputation damaged !

This is as they would all like it ! (PAUSE).

And they needn't even look before they leap !

They don't look where they're going, or go where they're
looking. But like the little flea, they get there just the
same !
